March 26, 2020

To All our Members and Guests,

In light of the Covid-19 epidemic, golf will be an unusual but not impossible event! Many changes will occur to afford everyone's safety while at Orleans CC. Attached are recommendations put out by the NGCOA titled "PARK & PLAY" to assist our facility with common sense rules and regulations. Although we may alter a few of these recommendations, our plan is to ensure a safe and healthy golf environment for our customers, while also maintaining a safe work place for our employees. As the PARK & PLAY document covers most concerns, we are sure there will be circumstances not realized that will come to light. We will address these concerns on a daily basis.

As always, there are members that will choose to come to the course and help with spring maintenance. As we do appreciate the help, please call the maintenance department a day in advance and speak with Frank before doing so. Frank will decide the need and then direct you to area's that require attention, while also adhering to social distancing regulations, as well as following State of VT mandates. Frank can be reached at #802-754-2960.

As the days progress, temperatures rise and snow slowly vacates the course, we become increasingly eager, particularly this year, to enjoy what we've been anticipating all winter, "GOLF"! If any members are in need of extended time to pay their dues, we have extended the Early Bird deadline to June 30th. The Orleans BOD is certain we will be enjoying golf in the not so distance future.

Stay safe, stay healthy and we will see you all very soon!

The Orleans CC Board of Directors

"The best little golf club in the world where good folks get together and enjoy each other's company."
